## **Chad E Cooper Foundation Scholarship Application**

Thank you for applying to Education Scholarship! The scholarship equips servant minded student leaders to go beyond knowledge alone through their behavior as a servant leader. During a student's schooling years, the scholarship program focuses on three areas: 1) Head: growing servant leadership while in school which is designed to equip students in servant leadership modeled after core principles of values and moral character. 2) Heart: awardees may request to be mentored on a deeper, emotional level. 3) Hands: Scholarship awardees give students hands-on service opportunities through mission programs.

We are looking for servant leaders who are going to make an impact on our society! To determine your eligibility and fit for this exclusive program, please respond to the following prompts:

Personal Information
Name*
Email*
Phone*
Experience and Relevant Information
Leadership Experience*

When have you been in a leadership role? Please briefly list and describe your past leadership experience.

Volunteer	:/Community Service	Experience*
